### THE BASSMENT

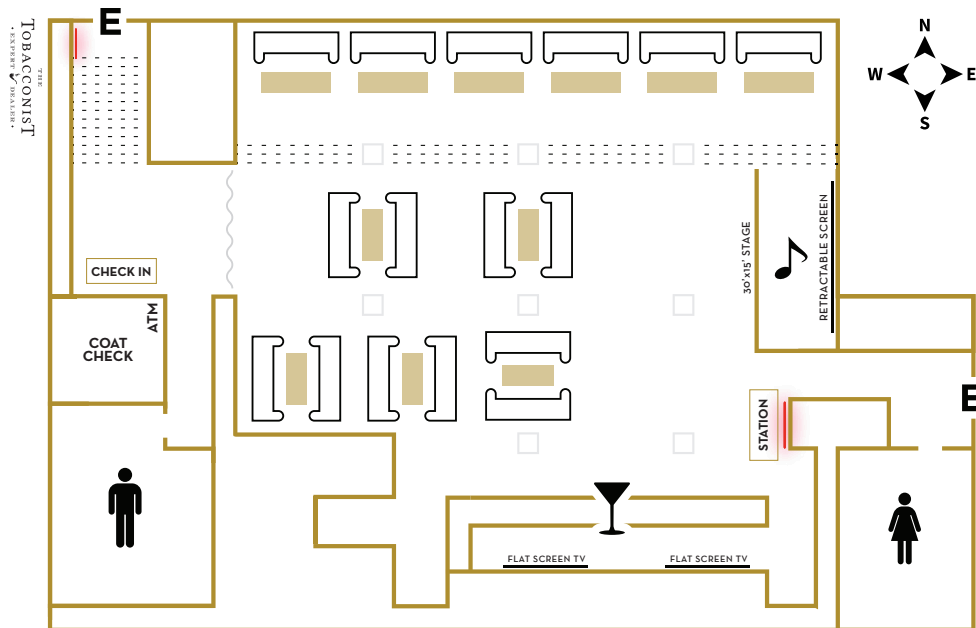

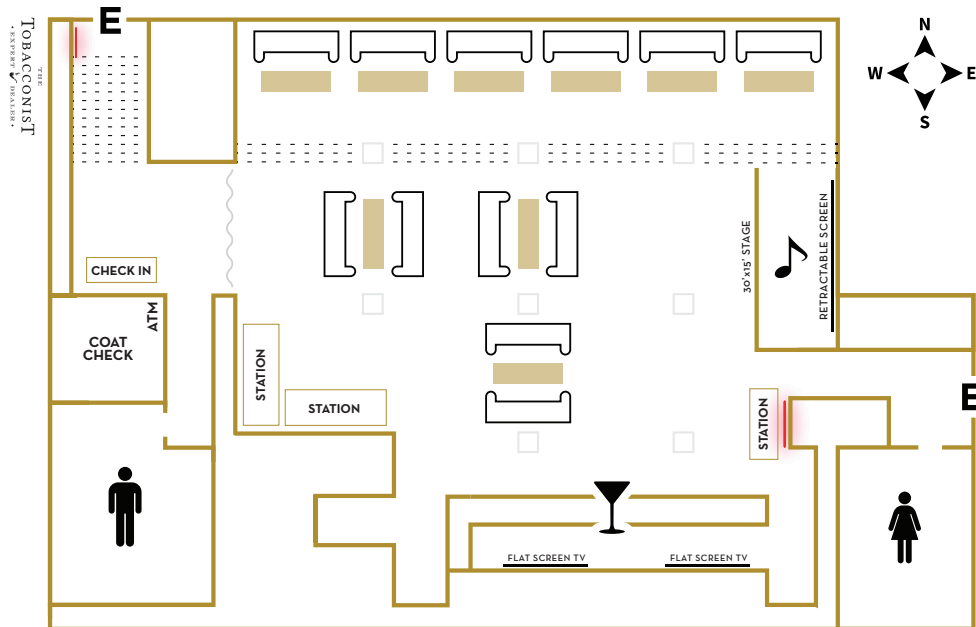

Named “Best Night Life Venue” in 2018 by Chicago Concierge, The Bassment provides everything needed to throw an unforgettable event. Guests enter through our speakeasy entrance, The Tobacconist, which will wow them from the start! I can't even begin to start thanking you and the entire Bassment family for an AMAZING event on Saturday! The entire crew went above and beyond to ensure that everything went as planned! Kudos to the Bassment staff for being a top notch professional account! We value our partnership and look forward to the final event! **-Rémy Cointreau**

We wanted to let you know how thrilled we were with how our event turned out! We received many very positive comments from our employees. Everything from the cool entrance, wonderful vibe, delicious food, excellent drinks, and great service and staff. Thanks also goes out to all the servers that did an excellent job passing out food, beverages, and picking up empty plates and glasses. Wonderful prompt and friendly service. Thank you and your staff for everything – truly amazing night and experience. **-FTI Consulting**

I thoroughly enjoyed working with the entire team at the Bassment. This was our 2nd year we hosted here and hope for more ahead. Their team was able to assist with all our event needs and made planning a breeze. **-UBS Unplugged**

My colleagues loved the venue and the vibe, and raved about the food. It was probably one of the best events we have held in quite some time, if not ever. So thank you for all of your work. Your staff was top-notch as was the service. They made this an enjoyable journey, right from the very beginning, and one that will be remembered for a long time to come. **-Shapiro+Raj**

After two long days of meetings this was perfect for our sales team! Great atmosphere, great band and amazing service!! The whole team made us feel special and well taken care of the whole night. Thank you for making our night so wonderful! **-CDW**

Soak Up Bohemian, Brit-Punk Vibes at the Bassment: Enter a doorway disguised as a cigar shop at 353 West Hubbard Street and you'll actually be walking into the Bassment, a speakeasy bar that'll make you feel like you're not in River North anymore. **-Chicago Magazine**
